

LOT 2546

J.D. Guirande - Thyrse Dancer, an Art Deco cast bronze figure of a dancer, modelled holding a long stem over her head, bearing cast signature, raised on a black veined marble plinth of angular canted form, height 65cm.

Estimate: £600 - £1,000

Condition Report

2546. The figure is in generally good overall condition with no areas of serious damage. The stem is very slightly misshapen along its curved length and there is a small surface dent to her shoulder area. Otherwise it is worth noting that the surface is probably a bit overpolished and has some overall surface marks, scratches and scuffs.
