LOT 601

A gold, tanzanite and diamond ring, mounted with four pear shaped tanzanites, two circular cut tanzanites and two small diamonds at intervals, detailed '14K', ring size approx R.

Estimate: £150 - £200

601. The ring is 12mm at its widest point (front) and 8mm at its narrowest (back). The tanzanites are various sizes but the biggest is approx 6mm long and approx 0.35-0.40ct. This is a very rough estimate for use as a guide only, as the stones have not been properly measured.
