

Furniture / Fri, 13th September 2019 / Lot 2180

LOT 2180

A Regency figured mahogany inverted breakfront side cabinet with Egyptianesque gilt metal mounts, fitted with two frieze drawers above cupboards, on a plinth base, height 93cm, width 100cm, depth 39cm (alterations and restoration).

Estimate: £80 - £120

Condition Report

2180. The cabinet has some old elements, but having had a second look it appears to be made later in the 20th century using some old timbers. The top has two patched holes where it would have had a gallery, but otherwise the rest appears much later. Interior depth 29cm. Doors not warped.
