

Wristwatches and Pocket Watches / Thu, 12th September 2019 / Lot 1044

## LOT 1044

An Omega steel cased gentleman's wristwatch, circa 1943, the signed jewelled movement numbered '9514109', the signed circular dial with black Roman numerals and subsidiary seconds, the case interior detailed '10150159', case diameter 3.4cm, with a black leather strap.

Estimate: £100 - £150

---

## Condition Report

1044. The watch winds and adjusts smoothly and is currently working but please be aware we give no guarantees to working order or reliability of any clock or watch. How accurate over an extended period we cannot say, but over a short period it appears to keep good time. The dial is a little discoloured/yellow stained around the edge, otherwise dial is ok. Case in generally good order with only typical light surface scratches.
