LOT 4008

An Edwardian Arts and Crafts oak framed and copper inset jardinière stand, the square body inset to three sides with copper panels, embossed with hearts and roundels, raised on block legs united by an arched 'H' stretcher, height 94cm, width 30.5cm (some restoration).

Estimate: £80 - £120

Condition Report

4008. The general appearance and condition is ok, but it looks like it probably should have had another copper panel inset, as the piece of oak doesn't quite look period. There are definitely replacement mouldings added around the edges of all four sides but otherwise ok.
