

Clocks and Barometers / Thu, 12th September 2019 / Lot 1141

LOT 1141

A George III mahogany wheel barometer with alcohol thermometer and silvered dials inscribed 'C. Negrini, Tenterden', the case with broken arch pediment and inlaid with shell and floral roundels, height 97cm.

Estimate: £50 - £80

Condition Report

1141. Thermometer is working but the barometer is not at present. The blued steel hand has been broken and taped back together, so this is also an issue. The case is in generally good condition with typical small splits to veneer, wood etc. The brass bezel is missing one original brass screw.
