Condition Report

27. Relined, cleaned and restored. Clean has left the paint a little thin in areas. Restorations include filling and overpainting. U.V. examination highlights a large area of restoration to the background on the right and some other filling to the background and touches to the sitter but nothing to the face. It might have been reduced slightly but no significant loss. Minor craquelure. Varnish is a little uneven in places and dulled inconsistently. Some subsequent surface dirt. Frame with minor scuffs to extremities.
