

Furniture / Fri, 13th September 2019 / Lot 2005

LOT 2005

An 18th century oak dresser, the shelf back fitted with two cupboards, the base fitted with four drawers above cupboards, on stile supports, height 200cm, width 155cm, depth 56cm (alterations and restoration).

Estimate: £250 - £350

Condition Report

2005. The plate rack is a good match but probably not original to the base and made up from old components. The base has some quite substantial gapping to the top joints. Handles are replacements and there are filled in holes where other handles would have fitted. Some evidence of woodworm in the back of the drawers and generally old restorations and alterations.
