LOT 2110

A William IV rosewood library armchair, upholstered in buttoned brown leather, raised on downswept legs and brass castors, height 91cm, width 59cm.

Estimate: £400 - £600

Condition Report

2110. The modern leather is good quality and in good order, just with a few minor scuffs. The frame has some overall minor scuffs and surface scratches, a few small chips to the veneer and carving around the bracket section, and the left arm joint is loose, but otherwise condition is pretty good.
