LOT 721

A gold and jade necklace, the trace link chain spaced with graduated jade beads, length 43cm, and a pair of Chinese cabochon amethyst and enamelled filigree oval earclips, length 2.2cm.

Estimate: £60 - £80

Condition Report

721. Jade necklace ♦ there is some variation of colour saturation to the green jade beads. None of the beads have hairline cracks, but they do have natural occurring fissures which are only noticeable when viewed under magnification. The chain is rather worn, the replacement clasp is gilt base metal. Weight 8.2g. Largest bead approx 9mm, smallest bead approx 4mm.

Earclips ♦ the cabochon amethysts are of pale colour saturation, with a few internal inclusions. The surrounding enamel work is in good condition. They would benefit from careful professional cleaning.
