LOT 570

A platinum, sapphire and diamond oval cluster ring, collet set with an oval cut sapphire within a surround of circular cut diamonds, detailed 'Plat', ring size approx P, sapphire weight approx 1.30ct, total diamond weight approx 0.80ct, with a case.

Estimate: £1,000 - £1,500

Condition Report

570. The stones have not been professionally graded, however the diamonds are bright, white and sparkly. Under magnification, three or four diamonds have more noticeable inclusions. Sapphire appears to be a fairly clear stone, under magnification there are some visible inclusions and the stone has some zoning. Ring is fairly modern so condition is essentially as new. The 'plat' mark on the shank is rubbed.
