

Collectors' Items, Works of Art and Light Fittings / Friday, 8th November 2019 / Lot 2640

### LOT 2640

A late 20th century cast composition stone garden fountain of sectional form, the fish and putto finial above two graduated circular dishes and spiralling dolphin supports, height 162cm, diameter 91cm.

Estimate: £150 - £250

---

### Condition Report

2640. Generally good order with typically weathered surface but no obvious breaks or cracks. We do not believe it would self-circulate but it would depend on what sort of pump was fitted.
