LOT 2903

A Yomut kepsie gul rug, West Turkestan, late 19th/early 20th century, the plum field with overall offset kepsie design guls, within a stylized arrow border, 189cm x 122cm.

Estimate: £80 - £120

Condition Report

2903. Overall surface wear to the pile of the rug with quite substantial loss of pile throughout the main field, probably more through wool corrosion. Much of the visible foundation appears to have coloured-in, making it less obvious. Slight loss and fraying to both ends, as well as loss to the sides with a lack of side cords.
