

Jewellery / Wed, 6th November 2019 / Lot 508

## LOT 508

A platinum and diamond ring, mounted with two principal circular cut diamonds within a shaped surround, mounted with smaller circular cut diamonds, ring size approx K1/2, with a case.

Estimate: £2,000 - £3,000

---

## Condition Report

508. Overall generally good condition. Bright, white and sparkly diamond. Some inclusions visible under magnification, but nothing obvious to the naked eye. White gold mount also in good clean condition, but the shank looks as if it may have been re-sized, as there are join marks.
