LOT 35

Bryan Pearce - Pink Lilies and Oranges, 20th century colour screenprint, signed, dated '82 and editioned 26/90 in pencil, 45.5cm x 36.5cm, within a silvered frame.

Estimate: £60 - £80

Condition Report

35. Light browning and age toning to paper. Some spotting. All only evident to margins. Possibly ever so slightly faded. Mount is not archival and has mould along the top border. This has not affected the print itself but may have encouraged the aforementioned spotting. Unexamined out of frame but an undulation to the paper suggests it is not laid down. Frame soiled and dented and separating at corner joints.
