

Asian and Islamic Ceramics and Works of Art / Thu, 5th December 2019 / Lot 1141

### LOT 1141

A Chinese Yixing stoneware teapot and cover, Qing dynasty, of low-bellied circular form with loop handle, incised eight-character mark to base, height 4.5cm (chips and hairline to inner rim of cover).

Estimate: £400 - £600

---

### Condition Report

1141. One side has a hairline crack which runs approximately 3cm vertically down from the rim. Otherwise teapot body, handle and spout appear to be in good order with only minor firing cracks around handle and spout where it meets body. The cover has numerous chips to inner rim and a few minor chips to rim. Length from tip of spout to end of handle 10cm.
