

Collectors' Items, Works of Art and Light Fittings / Friday, 6th December 2019 / Lot 2564

LOT 2564

A late 19th/early 20th century Austrian cold painted terracotta model of a seated dachshund with inset glass eyes, height 32cm.

Estimate: £400 - £600

Condition Report

2564. Small chip and crack behind left ear, running around left ear which has possibly been re-attached. There is an associated crack which runs vertically from the chip, down the front of the neck and through the collar to the front of the chest. Another crack runs around the neck following the collar, again possibly a break which has been repaired. There is some repainting to the collar. Small repair and chip to toes of front right paw. Otherwise typical light wear to decoration.
