Condition Report

530. Generally good condition. Typical light surface scratches and wear commensurate with age. Emerald has surface abrasions visible under magnification and typical inclusions to stone visible to naked eye. Diamonds are bright and sparkly with some small inclusions visible under magnification. Shank fitted with two sizing balls to inside. Due to setting it is difficult to measure the diamond sizes to the shoulder, but the larger two stones are approx 0.25ct-0.30ct and graduated down from there.
