### Condition Report

122. U.V. examination highlights a few small touches of overpainting but nothing extensive. It also highlights an old varnish that is a little uneven. Some craquelure to each. One with minor surface rubbing. Previously cleaned and paint a little thin in areas but generally fine. Some subsequent surface dirt to all. No signs of splitting or bowing to panels. All are a little ill-fitting in their frames. Frames all with some damage and varnished. Varnish now discoloured and separating.
