### LOT 713

A diamond cluster ring, collet set with the principal circular cut diamond within an open surround of smaller circular cut diamonds, ring size approx P, with a case.

Estimate: £1,000 - £1,500

### Condition Report

713. The ring is in fairly good condition commensurate with age. However, it is a little worn and has taken a little bit of a knock to one side which has resulted in the central diamond not looking quite as central as it once was, as one edge of the surround has been pushed in. Diamonds appear to be in generally good order. The shank is not marked, but we would suggest it is white gold rather than platinum.
