LOT 2035

A late 19th century French Rococo Revival giltwood and gesso framed overmantel mirror with foliate scroll surmount, 140cm x 94cm.

Estimate: £200 - £300

Condition Report

2035. The plate glass is in good order. The frame has had some overall restoration to the scrolling leaf mouldings and had these areas covered in a later gilt surface. This later gilt surface has then been continued on some of the moulded frame. There are two small breaks to the foliate mouldings on the top of the mirror.
