

Firearms and Edged Weapons / Thu, 5th December 2019 / Lot 1840

### LOT 1840

A Martini-Henry .577/450 carbine, barrel length 57cm, with ladder rear sight and lever action, the stock detailed 'Robert Hughes, Universal Fire Arms Works, Birmingham' (restoration).

Estimate: £200 - £300

---

### Condition Report

1840. The moving parts all seem to be working and there does not seem to be anything missing. The barrel seems to be straight and undamaged. The stock has an area of filler where it has had some damage just behind the plate on one side, other minor scuffs and marks. The gun is an obsolete calibre so does not need to be deactivated.
