

Firearms and Edged Weapons / Thu, 5th December 2019 / Lot 1839

LOT 1839

A Snider-Enfield .577 two-band breech loading rifle, barrel length 75cm, with rear ladder sight and plain lock, full-stocked with steel furniture and ramrod.

Estimate: £200 - £300

Condition Report

1839. All moving parts seem to be operating properly. There does not seem to be any components missing and there is only fairly minor staining and scratches to the stock. The barrel seems straight, but there is an overall varnish which has given some of the metalware a yellowy tone. Obsolete calibre so no need for deactivation.
