

British and Continental Ceramics / Thu, 5th December 2019 / Lot 1520

LOT 1520

A Minton majolica centrepiece, circa 1865, modelled as two putti carrying a scallop shell, raised on a naturalistic green/brown leaf moulded oval base, impressed marks to base, height 28.5cm (faults and restoration).

Estimate: £50 - £80

Condition Report

1520. The figure to the right as you look at them has been broken completely off across the thigh and ankle where the figure has broken away from the shell. There are numerous glued breaks and slight losses, also part of the handle is missing. Otherwise the rest of the shell bowl and base are in generally good order. The other figure has had its head broken off and re-glued.
