### Condition Report

324. Dimple decanter - the silver work is a bit tired with some splits/tears to side panels of the embossed pierced work. Also typical surface wear and scratches and some minor dents. Glass in good order. Stopper top has numerous dents. We would suggest that the piece dates from the early 20th century.

Peruvian dish - good condition, typical light wear and surface scratches. No significant damage or repair. Dates from the mid-20th century.
