## LOT 505

A gold and silver set diamond cluster ring, mounted with the principal old cushion cut diamond within a surround of ten smaller old cushion cut diamonds, ring size approx Q1/2, principal diamond weight approx 0.70-0.80ct.

Estimate: £600 - £800

---

## Condition Report

505. The principal diamond slightly draws colour and has one or two internal inclusions. The surrounding diamonds slightly draw colour and most have one or two small internal inclusions. The diamonds do not have any significant surface reaching inclusions or chips. The ring would benefit from professional cleaning. Central stone - Colour: approx K-L. Clarity: approx SI1. Weight 4.8g. The cluster is approximately 1.3cm diameter.
