LOT 504

A gold, sapphire and diamond three stone ring, mounted with a cushion shaped diamond between two cushion shaped sapphires, ring size approx M.

Estimate: £200 - £300

Condition Report

504. The diamond shows slight florescence but looks to be a fairly clear stone. The sapphires both have some surface wear and one or two small edge nicks. There is no hallmark to the shank. Some of the claws are showing signs of wear. The ring would benefit from professional cleaning. Weight 5.9g. Diamond approx 4mm diameter.
