## Condition Report

553. The interior of the locket is in good condition. The hinge is a little stiff and would benefit from a drop of oil. The front is in generally good condition. The back has one or two minor shallow dents. Although unmarked it is probably 9ct gold back and front within a gilt framework. There is no interior glass to either side of the locket, the internal depth is fairly shallow. Suggested age  circa 1910. Weight, including interior 8.6g
