Estimate: £100 - £150

---

### Condition Report

1627. Plain lifter - pinhead sized bruise to neck beneath rim, only noticeable on close inspection. Minor flat chip to base around hole where pontil snapped.

Shortest faceted - top end polished, base end likely to have been polished.

Middle size faceted - small flat chip to upper top end around hole, minute nicks around base hole.

Largest faceted - minute pinhead bruise to top end, otherwise ok.
