LOT 1171

A 19th century mahogany stick barometer, the ivory dial with vernier scale and inscribed 'Hill & Price Opticians Bristol', the glazed case with moulded pediment above a rectangular trunk with mercury thermometer and turned cistern cover, height 95cm.

Estimate: £150 - £250

Condition Report

1171. The case is in good condition. No gaps to mercury but there has been a small amount of leakage so this would need some attention.
