## LOT 1177

An early 20th century oak cased mantel clock with eight day movement striking on a gong, the silvered dial with black Arabic numerals beneath a slow/fast indicator to arch, the case with moulded arch top above a bevelled glass door and plinth base with bun feet, height 25.5cm, with pendulum and winding key.

Estimate: £40 - £60

## Condition Report

1177. The case is in generally good condition with no significant damage or repairs. Would benefit from a polish. Glass bevelled door in good order.

The dial is generally ok with some wear to silvering. The movement looks ok but the pendulum is missing its suspension spring (the piece of metal the pendulum hangs from).
