Condition Report

1051. Generally good condition, only typical light surface scratches and wear, but no significant damage or repairs. Glass has some minor scratches and a few tiny dirt specks to dial, only really noticeable under magnification. Case back with slightly more pronounced scratches but still not too deep. Movement appears in generally good clean condition. It is currently working but please be aware we give no guarantees to working order or reliability of any clock or watch. The winder has Omega logo, but is worn, but does adjust the hour hand.
