

Cameras and Scientific Instruments / Thu, 23rd January 2020 / Lot 1278

LOT 1278

A collection of Olympus cameras, lenses and accessories, including an Olympus OM-2 camera with Auto-S 1:1.4 f=50mm lens, an Auto-Macro 1:3.5 f=50mm lens, an Auto-W 1:3.5 f=28mm lens and an Auto-Zoom 1:4 f=75-150mm lens, together with a Yashica FX-2 camera with DSB 50mm 1:1.9 lens and a Paragon 1:2.8 f=35mm lens.

Estimate: £50 - £80

Condition Report

1278. Yashica FX-2 has some typical wear and small dent to back of body, bit dusty and dirty but winds and fires.

Olympus OM-2 is a bit dirty and dusty with some wear and does not wind or fire.

Other lenses appear to be generally ok, but again a bit dusty and dirty with typical light wear to paintwork etc.
