### Condition Report

99. Relined, previously cleaned and restored. Restorations include overpainting and filling. U.V. examination highlights the grey cloud in the top-right corner, a small tear like line above the trees on the left, touches around the edge of the frame, details to the trees, touches around the stretcher line, an area to one of the holes, probably repairing a small hole and to the pool of water. Light dent but with some cracking to the surface near the centre of the work. Previous cleans have left the paint very thin in areas. Frame with some scuffs and scratches to extremities.
