Estimate: £300 - £500

Condition Report

112. Generally in good condition. Minor age toning to paper. A few pin head size spots of foxing. Very minor surface soiling. Possibly slightly faded, but nothing serious and all commensurate with age. The mount is not archival and the cut edge is starting to brown, but this had not affected the paper. Backing does not appear to be archival either. Frame is rubbed with loss of gilt to the protruding edge. Unexamined out of frame.
