LOT 2146

A Regency rosewood circular tip-top breakfast table, raised on a reeded and carved palmette column, the triform base on bun feet, height 73cm, diameter 131cm.

Estimate: £300 - £500

Condition Report

2146. There are a series of about five hot plate marks which have disturbed the polished surface, and one whitish water mark. Otherwise the top is flat, sound and the veneers are stable. The support platform has two cracks through it, but this does not affect its function. Otherwise, the latch works fine and all the veneers on the base appear to be intact. Just some minor surface wear to the edges and corners of the base, as well as some light water marks.
