Condition Report

1060. Generally good condition. Chip to corner of glass and other very minor nicks/chips to glass edges. Case is in good order with typical light surface wear and scratches, but no significant damage or repairs. Dial is generally good with a few small dirt spots/specks and second hand looks a bit long so likely to be a replacement. The watch winds and adjusts smoothly and is currently running but please be aware we give no guarantees to working order or reliability of any clock or watch.
