

Cameras and Scientific Instruments / Thursday, 19th March 2020 / Lot 1276

LOT 1276

A Leica IIIb camera, No. 240704, circa 1937/38, with Summar f=5cm 1:2 lens, No. 298889, leather cased.

Estimate: £120 - £180

Condition Report

1276. Camera is generally in good condition. Black leather in good order. Typical light surface wear and scratches to metalwork, but no significant knocks or damage. It winds and fires but please be aware we give no guarantees to working reliability of any purchased item. There is wear to the shutter speed dial on the front of the camera, which is visible in the images on our website. Leather case with typical scuffs and wear.
