LOT 2149

A Queen Anne walnut and parcel gilt rectangular cushion wall mirror, the bevelled glass within a gently curved frame and gilded outer border, 66.5cm x 57.5cm (later gilding and some restoration).

Estimate: £200 - £300

Condition Report

2149. The mirror plate has an overall even distressing and appears to be original, with quite a wide thick bevel to edge. The walnut veneer is a little cleaned off and has a few areas of slight lifting. There are a few areas of gesso missing around the edges of the frame and we would think the gilding is probably later, although sympathetically done.
