LOT 2185

A 19th century beech and stained softwood primitive stick back chair with rounded solid seat, on staked legs, height 72cm, width 65cm.

Estimate: £250 - £350

Condition Report

2185. The chair has undergone considerable restoration, with later replaced legs and stretchers, re-spiced section to edge of seat and probably lacking a continuance of the uprights to the back. There is evidence of historic woodworm through the back and to the seat.
