An 18ct white gold and diamond half hoop eternity ring, the front set with a row of nine graduated circular cut diamonds, London 1975, ring size approx P, boxed.

Estimate: £500 - £700

Condition Report

522. Some of the diamonds slightly draw colour and have one or two internal inclusions. The principal diamond is drawing colour more than the others and has probably been replaced in the past. The second diamond in from one end has a bad fractured chip, the mount is also cracked at this point when viewed from the side. There is some loss of engraved decoration at the sides of the mount as a result of past restoration work/polishing. The stones graduate from the largest stones at approx 0.20ct, down to the outer pair of stones at approx 0.10ct.
