Condition Report

525. The amethysts are of medium colour saturation, with some variation of colour saturation. The seed pearls are a little grey and would benefit from careful professional cleaning. The brooch is marked at the back **◆15ct◆**. The hinge pin is a little wobbly and would benefit from professional straightening. The hook to the clasp is in good condition. The top of the pearl suspension is a bit cut into as a result of contact with a neckchain. Overall attractive original condition.
