LOT 516

A gold, cultured pearl and rose cut diamond set brooch, formed as three clusters with foliate divisions at intervals, length 4.8cm (one cultured pearl replaced), together with a Bravingtons earring case.

Estimate: £100 - £150

Condition Report

516. Generally good condition at first glance with no significant damage or repairs. One pearl has a hole to top of its dome. On closer inspection there is some glue residue visible where a number of the pearls have been re-attached. Some of this glue has spilt over onto the diamonds and setting. This is really only visible on close inspection and under magnification.
