LOT 2006

A small George III mahogany bachelor's chest of four graduated oak-lined drawers, raised on ogee bracket feet, height 76cm, width 73cm, depth 42cm (some alterations).

Estimate: £200 - £400

Condition Report

2006. General condition is good, with just some minor overall scuffs and marks. While the top is a nice old piece of timber, it may have been changed at a later date than the chest's manufacture. There are some replacement veneers to the front carcass and three of the fascias on the ogee feet have been professionally replaced. The handles are later and there are visible filled-in holes where the originals would have been.
