## Condition Report

1540. Minor typical spots of wear to base, minor spot of flaking to left side of body by rose. 3 minor dents/bruises to tail and similar to left side of head beneath ear. Both ears are roughly textured beneath the pink detail - I think this is a manufacturing issue rather than restoration or damage, but the tips of both ears have minor wear/rubbing. Please use the zoom function on our website to view the multiple images in detail.
