Condition Report

520. The ring is relatively modern so condition is essentially modern so condition is essentially as new with only very minor typical light surface scratches and wear, only really visible under x10 magnification. The centre stone has a very small chip to the edge of the girdle, but otherwise stones are in good order. They are bright and sparkly with a few minor inclusions which are only really visible under magnification. Would benefit from a light clean. Weight 4.3g.
