Condition Report

357. The vinaigrette is in generally good condition. The horn is in good order with no apparent chips or cracks. The silver thistle decorated hinge lid is in good condition, it closes tightly and gilt grille and interior also in good order. The stone may actually be rock crystal rather than Cairngorm. The polished dome top is in good condition with a few minor surface abrasions. Unmarked.

The vesta is dirty, but in generally good condition with good clear hallmarks.

The pill box has a few dents and is a bit tired, but hinge is good. Hallmarks slightly rubbed but still readable.
