Condition Report

530. The ring is in generally good condition with no significant damage. A few of the claws have been re-tipped and some solder visible under x10 magnification. The diamonds are fairly bright, whit and sparkly and look fairly clear to the naked eye. Some small inclusions visible under magnification. Shank and setting with typical light surface scratches and wear, otherwise ok and no resizing. The stones all appear to be original and the ring definitely has some age, it is not a modern ring.
