## LOT 2016

An early Victorian provincial oak wine table, the dished top with a turned baluster stem and triform base, height 76cm, diameter 44cm (some faults and repairs).

Estimate: £70 - £100

---

## Condition Report

2016. The dished top appears in good order with no cracks and no obvious warp. It has been connected to the stem with a later fitted block underneath the top. The stem is slightly wobbly at the base joint and there is a repaired crack to one of the three supports. One of the turned bun feet is later made.
