Condition Report

A handful of areas have had some overpainting. These are mostly to the background and most can be seen by the naked eye. U.V. examination highlights a couple more. Most are to the background, but one is to the tummy of the dog. Some light craquelure. Old varnish is a little uneven and started to discolour. Some other surface dirt. Minor bowing to board. On canvas-board so not relined.

Frame has been varnished and has numerous scratches and dents. The frame is also separating at joins.
